**Division of Public Charities Professional Solicitor Report**  
**January 1, 2015 through December 31, 2015**

In order to promote accountability and transparency in charitable fundraising, Secretary of State Mark Hammond is publishing the first annual Professional Solicitor Report of the Division of Public Charities. Pursuant to the South Carolina Solicitation of Charitable Funds Act, the Secretary of State's Division of Public Charities regulates charitable solicitations in this state. Some charitable organizations use professional or paid fundraisers to solicit donations on their behalf. At the conclusion of a fundraising campaign, or each year of a multi-year campaign, a professional solicitor is required to file a joint financial report with the Division of Public Charities. The joint financial report must be signed by both the professional solicitor and the charitable organization, and must disclose the gross receipts from the campaign, the itemized expenses incurred by the professional solicitor, and the total amount remitted to the charitable organization. This report provides a comprehensive listing of the data provided in joint financial reports filed by professional solicitors during 2015.

The Professional Solicitor Report lists in alphabetical order each charitable organization for which a joint financial report was filed in 2015. The report then lists all professional solicitors employed by the charitable organization, along with the fundraising methods used by the professional solicitor; the date the joint financial report was filed; the dates of the fundraising campaign covered by the joint financial report; the gross receipts from the campaign; the amount remitted to the charity; and the percentage of the gross receipts that the charity received.

Although each charitable organization and professional solicitor referenced in this report was registered with the Division of Public Charities to solicit donations in South Carolina at the time the fundraising campaigns were conducted, many of the joint financial reports were for national campaigns. Therefore, it is important to note that the reported gross receipts reflect donations from all solicited persons, not just South Carolinians. Furthermore, the data presented in the Professional Solicitor Report does not reflect how much the charitable organizations spent on their program services. This information is available on the Secretary of State's website at [www.sos.sc.gov](http://www.sos.sc.gov), under Charity Search.

If you have any questions regarding a charitable organization or professional fundraiser listed in this report, please contact the Division of Public Charities at [charities@sos.sc.gov](mailto:charities@sos.sc.gov) or (803) 734-1790.
